EXPLANATORY NOTE: This Index covers the fourteenth year of the publication of AMERICAN HERITAGE as a "magazine in book form"—*i.e.*, with hard covers and without advertising.

References to text and illustrations are combined; text entries are in light-face type, illustrations in bold-face type. Each article is indexed by author, title, subject, and names of persons and places. All illustrations are indexed by artist, title, and subject. The arrangement of entries in the Index is alphabetical to the first comma, as in general dictionary usage. In alphabetizing the sub-entries, articles, prepositions, and conjunctions are ignored.

Additional copies of each annual Index are available for $1 each. A hard-cover Five Year Cumulative Index (December, 1954, through October, 1959) is also available for $3. A second Cumulative Index covers the first decade of the magazine's hard-cover publication (December, 1954, through October, 1964). It is available for $5. All indexes may be ordered from the magazine's Sundry Department, 239 Great Neck Road, Great Neck, New York 11021.

Prior to December, 1954, AMERICAN HERITAGE was published for five years as a soft-cover quarterly.

Beginning with Volume V, AMERICAN HERITAGE is indexed in the *Readers' Guide to Periodical Literature,* available in most libraries.
